

SOLUTE, Inc. (SOLUTE) is a Service Disabled Veteran's Owned Small Business (SDVOSB) with core competencies in Systems Engineering, Software Engineering, Cyber Security and Information Assurance, Business Process Engineering, Program Management, and Knowledge Management and Training as well as subject matter expertise in capabilities supporting Unmanned Aerial Vehicle (UAV) engineering and integration, development, deployment and operations.

Based in San Diego, CA, SOLUTE has supported numerous efforts to deliver fully-integrated and secure information system capabilities in support of SPAWAR and affiliated commands, NAVAIR, other US Government Agencies and Industry customers. SOLUTE's solid operational experience is coupled with technical expertise in program management, systems engineering, engineering design and development, test and evaluation, training and instructional systems, integration services, and logistics. Our customers include Commander Naval Air Forces (CNAF), Space and Naval Warfare Systems Command (SPAWAR) Systems Center Pacific, Program Executive Officer, Command, Control, Communications, Computers, and Intelligence (PEO C4I), Program Manager Warfare (PMW) 150 (Command and Control), PMW 160 (Tactical Networks), PMW 750 (Carrier and Air Integration), PMW 770 (Undersea Integration), PMW 780 (Airborne Networking & Integration), PMW/Air 170 (Communications), Program Manager Air (PMA) 209 (Air Combat Electronics), PMA 290 (Maritime Patrol and Reconnaissance Aircraft), and PMA 299 (Multi-Mission Helicopters). Likewise, SOLUTE is positioned in the US Navy's Persistent Maritime Unmanned Aircraft System Program Office and provides key support in the integration of UAV capability within the DOD C4ISR domain.

Our personnel are seasoned employees with experience in advanced technologies and applications, system design, analysis, and development; C4I integration; operational effectiveness; allocating resources; planning and handling logistics; recommending solutions; defining processes and architecture; program and acquisition management; and maintaining solid client relationships. SOLUTE combines its employees' strong military experience with superior technological knowledge to provide our clients with the expertise needed to ensure program success.
